## Measurements:

One paper lunch bag, avoid the jumbo size bags. Check designer series paper sizes before cutting. Your brand of lunch bags might be a little wider or longer than mine. First cut the bottom of the bag off and reserve it. Then cut both ends of the bag, using Basic Borders Dies, making the finished size about 5-1/8 x 8-3/8". Fold the bag in so that the cover is about 1/2" shorter than the back. Measuring from the back across the widest point, my book is about 4-1/2". The cover, measured across the front to the widest point, is about 4".

2021-23 In Color Designer Series Paper:

- 5 x 6" with the decorative edge cut on right edge - this is an inside piece. The finished size, after the edge is cut, will be about 5 x 5-3/4".
- 5 x 4" with the decorative edge cut on right edge - this is the outside cover piece. The finished size, after the edge is cut, will be about 5 x 3-3/4".
- 5 x 1-3/4" for the belly band on the seed pocket.

Regal In Color Designer Series Paper: 5 x 3" with the decorative edge cut on left edge - this is an inside piece. The finished size, after the edge is cut, will be about 5 x 2-3/4".
