Instructions

1. Score, burnish with a Bone Folder, and trim the treat box according to the template photo and measurements above. Assemble the box using Tear & Tape Adhesive. Reserve a little scrap of Basic Black cardstock to use for the ghost face.
2. Glue the designer series paper to the box top. Fill the box with treats. Wrap the ribbon around the lid twice, close the box and tie a big loopy bow.
3. Stamp stars on the Smoky Slate circle using Memento ink. Cut the banner in half, spread the two halves about 1/4" apart. Put glue on both blunt ends of the banner halves, then adhere the circle to the banner pieces. Adhere the circle with banners to the box top using Stampin' Dimensionals.
4. Use dimensionals to adhere the reserved scrap of Basic Black cardstock to the back of the ghost, filling in the face. Remove the adhesive liner from the other side of the dimensionals and adhere the ghost to the circle.
5. Using liquid glue only on the middle "o" to adhere the "Boo" greeting to the ghost.
6. Embellish with In Color Pearls.
