# Instructions

1. Score and burnish the card base using a Bone Folder. Emboss the card front using the Merry Melody 3D Embossing Folder.
2. Adhere the designer paper followed by the Basic White rectangle using Multipurpose Liquid Glue.
3. Use your embossing buddy from the Embossing Additions Tool Kit to prepare the tag for heat embossing. Stamp the sentiment using Versamark ink. Pour White Stampin' Emboss Powder over the ink, then remove the excess. Carefully, heat emboss using your Heat Tool. **\*\*\*Tip\*\*\*** Use the tweezers from the Embossing Additions Tool Kit or a clothespin to hold the tag while heating.
4. Adhere the tag-o reinforcer to the tag using liquid glue. Thread the hole with ribbon and make a bow. Adhere the hat brim scallop shape from the Sending Cheer Dies behind the tag using liquid glue, then adhere to the card front using the same adhesive.
5. Stamp the giraffe using Tuxedo Black Memento ink. Color using Stampin' Blends. Fussy cut and adhere the image to the card front using Stampin' Dimensionals.
6. Embellish using the Iridescent Adhesive-Backed Discs.
