# Instructions

1. Cut one of the large fancy labels in half.
2. Emboss the full fancy label and half fancy label using the Lovely Stripes 3D Embossing Folder.
3. Adhere the half label to the back of the full label using Tear & Tape Adhesive to make a pocket. Cut a 1/4" circle hole in the top of the fancy label making it a tag.
4. Fold the gold cording in half and thread the folded end through the tag front to back. Pull the cut ends of the cording through the folded loop end and pull to secure.
5. Use the embossing buddy from the Embossing Additions Tool Kit on the Basic White cardstock to dab some powder, then stamp the flowers using Versa Mark ink. Pour gold embossing powder from the WOW! Embossing Powder Metallics over the flowers, then return the excess back into the container. Carefully heat the images using a Heat Tool. Allow to cool before die cutting.
6. Stamp the leaf and sprig on a scrap of Old Olive cardstock using Old Olive ink. Die cut the images.
7. Adhere the leaf and designer paper to the front of the tag using liquid glue.
8. Adhere the large flower to the front of the tag using Stampin' Dimensionals.
9. Adhere the gold foil spriggy thing to the front of the tag using a Mini Glue Dot.
10. Flip to the backside of the tag and adhere the designer paper using liquid glue. Be sure to line up the designer paper on both sides for a neat finish.
11. Adhere the small flower and sprig to the back of the tag using Stampin' Dimensionals.
12. Stamp the greetings on scraps of Basic White cardstock using Secret Sea ink then punch them using the Three Banner Punch.
13. Adhere the greetings to the front and the back of the tag using liquid glue.
14. Tie a single bow using the divided Real Red Shiny Ribbon then adhere the bow using a Mini Glue Dot or some hot glue.
15. Embellish with Traditional Sparkling Sequins.
